

## **First Choice Riding Academy Presents our Overnight Camp!**

We are so excited to welcome overnight campers to First Choice Riding Academy. The day will be full of horse fun as well as horse education, horse care, and even some other types of fun. Each week of overnight camp ends in a competition so that will be the focus of the week. Each rider will make some goals and work to achieve them through the week. They will be responsible for their own horse whether they bring their own personal horse or use one of ours. There will be daily responsibilities including barn work. There will also be some down time where each rider can choose a way to spend the time, in the pool, the barn, or quietly with a nap or reading time. Some camps will include traveling to sites to practice, and others may have guest speakers. The overnight camp is very specialized and limited in space so please let us know your hopes as soon as possible. If you have a group of kids and would like something special let us know during the planning phase of the year, Jan and Feb, and we can try to make that possible!!

Camp fees for the overnight camp are \$900 per week for the camper. Campers will be charged \$250 if they need to have a horse from us. If they already have a horse at the farm there is no extra horse fee. FCRA students are invited to use a school horse at half price. The show entry is not included in the camp, and some may need to be registered for before camp actually starts. Please feel free to contact Heidi if you find that you have any trouble at all with that entry. The week that ends in the event will offer a discounted transport and coaching fee for overnight campers.

Campers should download the "What to bring to overnight camp" form to be sure they have all that they need for the week. This includes packing for the horse as well as human. Everything should be labeled with the campers name. The kids will have access to a laundry should they need something washed. If they need to wash horse items they will be able to do so at the local laundromat.

We really want this to be a super experience for the kids. Our application is designed to help us with that. Please be as clear as possible in your answers. Please also be clear if there is anything we need to know about the kids way of learning, anxieties, allergies, etc.

If your camper needs to take medications while here, please let us know so that we can help with private reminders, or any help that may be needed.

We are looking so forward to enjoying this time with the campers and watching them in their progression. We sure hope that you see it as well!!! We will hope that you will let us know if you have suggestions or comments about our camp!
